

# TEUTONS BEAT BACK INVADER, BERLIN CLAIMS

Along a Fifty-Mile Front the Entente Forces Are Thrown Back.

## FORMER STAFF CHIEF DEFEATS THE ALLIES

Constantinople Claims That Russians Have Been Routed in Persia.

TURNING against the Rumanians, who had been advancing steadily in eastern Transylvania, Austro-German and German troops have defeated the invaders decisively along the fifty-mile front. North of Fogaras at the junction of the Honored and Alt rivers, near Reps, the Rumanians, routed by the Teutonic troops are in retreat.

The successful repulse of the invaders on the southern end of the line was at the hands of General von E. Kienhausen, former chief of the German general staff who only last week routed the Rumanians around Hermannstadt and drove them back to their own frontier. North of Reps the Austro-Hungarians recaptured positions and took more than two hundred prisoners. Kienhausen admits that the Rumanian troops in eastern Transylvania have been withdrawn before attacks by superior forces in the region of Fogaras.

## RUSSIAN GAINING

In Dobruja heavy fighting continues all along the line south of Constanta. Bucharest, railway with Ploesti recording progress for the Russians and Rumanians in the center and on their left wing.

While General Brusiloff apparently has ceased at least for the moment his attacks against the Austro-German lines in Volhynia, west of Lutsk, he continues southward his assaults with great intensity against the positions of the Teutonic allies guarding the approaches to Lemberg, capital of Galicia. Although the Russian attacks were held up northeast of Lemberg those to the southeast of the capital, according to Petrograd, resulted in the taking of positions south of Ploesti and the capture of five hundred prisoners.

## BERLIN DENIES REPORTS

Berlin, however, declares all Russian attacks in Galicia have been repulsed and that the Austro-Germans have taken 1,200 prisoners from the Teutonic allies. The Russian attacks in Macedonia, the armies of the Teutonic allies continue to advance.

The British troops that crossed the Struma northeast of Salonika have taken the town of Nevelon, which was evacuated by the defenders. South of Monastir, Serbia, violent fighting under the Cerina river is reported by Paris.

The artillery continues active on the Sarran front in France, according to reports from the war offices of all the belligerents.

A delayed report from Constantinople tells of the rout of Russian troops northwest of Hamadan, Persia. Triflesmen in Isfahan, says the Constantinople report, have risen in revolt and driven the Russians from the city. Elsewhere, on the other hand, reports progress for the Russians west and southwest of Ploesti in Armenia.

# YOUNG REPUBS TO START FIREWORKS

Decide to Co-operate With County Committee in Campaigning.

## THREE ADDRESSES

Committee Named to Meet "Old Head" at Special Session Monday.

The Republican campaign in Tulsa county is going to be given a great impetus next week when the young members of the party begin to turn loose the fireworks.

At a meeting of the Young Men's Republican club in the district courtroom last night it was decided that the campaign needed a little more "pep" and "kicker." Accordingly a committee of five was named to meet Monday with the county and city central committees for the purpose of outlining a vigorous campaign during the four weeks that remain before the November election.

They want to open ground-floor headquarters if possible and they have already done much organization work in the various precincts of the county. If their ideas are approved by the older heads Monday afternoon they will continue this work with increased enthusiasm. All office candidates will attend Monday's conference.

## NATIONAL ISSUES

A. A. Davidson was the principal speaker last night. He gave an able discourse on national issues, having particular stress on the Mexican policy of the administration.

Frank Greer aroused both laughter and enthusiasm in one of his characteristic speeches. He declared that

# REFUSES TO MEET STREETCAR MEN

Manager Long of Muskogee Traction Company Will Fight to Finish.

## DECLARES HE IS DONE

Union Employees Do Not Help Road, He Claims; Strong Denial Follows.

## SPECIAL TO THE WORLD

MUSKOGEE, Oct. 6.—"Finis" has been written to the street car controversy as far as it affects the Muskogee Traction Company and there never will be a settlement with the striking carmen's union as long as R. D. Long is manager of the company.

This was Mr. Long's declaration today. When he made this statement he considered the possibility of the company being bankrupted by lack of revenues and all other contingencies that might arise against the company through the efforts of organized labor and an aroused public.

"I do not consider members of the union as employees of this company any longer. Most of them have withdrawn the \$25 bonds which they put up when they went to work. I consider that they have quit the service."

"Any propositions that they make from now on will not be considered by me. My work now is to organize to working efficiency the men we now have employed. Many of them are former union men who have found that unions are a detriment, not an aid."

One of the men now employed has \$1,500 in the bank and is only working so that he can get even with unions, which he says ruined him. I'm through. A good street car service will be maintained."

In reply to Long's statement of why he rejected the settlement proposals of the carmen, the union committee of Fred Cossey, S. A. Elrod and W. A. Paul today sent a reply.

The committee's statement said that Long was trying to deceive the public and had made misstatements. Further, it was said: "We beg now to advise you that our association is still willing to continue negotiations with your company, but inasmuch as you positively refuse and are so willing to follow the methods of enlightened businessmen throughout the country, we shall forthwith submit our grievances to the state board of arbitration and consultation, agreeing to accept any settlement which this board may deem just in the premises, providing that the traction company will do the same."

## FEDERAL HEADS PROBE 57 CASES

Fifty-seven alleged violations of federal laws were investigated by United States Commissioner Watkins during the quarter just closed, according to his report which was completed yesterday. Many of these cases were dismissed and others were brought to the attention of the grand jury which has been in session this week at Ardmore.

A majority of these cases were for alleged violation of the federal liquor laws. More than 25 per cent of these were dropped for lack of evidence. The national government is concerned only with the importation of liquor from outside of Oklahoma. That within the state comes under the jurisdiction of state officials.

The work of the commissioners increased during the past quarter on account of the new federal law making possession of liquor within the old Indian territory prima facie evidence of conspiracy in the introduction of it. Those cases in which indictments were returned by the grand jury at Ardmore will be heard in Tulsa at the next term of federal court in April.

## JUDGE LINN WILL HAVE HANDS FULL

More than one hundred important civil cases are to be heard at the special session of the district court which will be held in this city for two weeks beginning Monday, October 16. Judge C. J. Linn will be assisted by Judge W. J. Campbell of Nowata.

There will be two divisions of the court and two juries. The sessions at which Judge Campbell will preside will be held in the district courtroom while Judge Linn will hold court in the country courtrooms.

Both juries will be required to avoid unnecessary delay in the trial of the cases in the time set. Each will have an average of four cases a day before him.

# MORE BANDITS JOINING VILLA IN CHIHUAHUA

More Carranza Soldiers Are Thrown About Town of Parral.

American Soldier Victim of Gunshot but Murderer Is Unidentified.

## KIDNAPER'S VICTIM SHOOT AND ESCAPES

MANAGER OF COLORADO COAL MINES SERIOUSLY WOUNDED ONE OF HIS CAPTORS.

Taken to Deserted Cabin and Held for \$15,000 Ransom; Overpowered Guard.

## HOLD MILITARY INQUEST

SAN ANTONIO, Oct. 6.—Military inquest into the death of Corp. Leopold Lovell of Company K, Second Maine Infantry at Laredo Thursday night, fails to clear the mystery. One theory advanced by witnesses points to the young soldier being a victim of an unknown assassin while another theory directs the inquiry to the firing of the shot by a provost guard at a prisoner trying to escape. Several witnesses claim not to have heard the report of the gun from which the shot killed Lovell was fired. The guardman was coming out of a confectory where he had purchased a bag of peanuts and was cutting the nuts when he shot down the soldier.

Brig. Gen. Enoch H. Crowder, judge advocate-general of the army, arrived here today for a conference with General Funston. He will see the latter upon his return from Laredo, where he is visiting points along the border before returning to Washington.

To Execute Robbers.

The government today prepared a decree providing for the death penalty for robbers, bandits and those convicted of holdups. The decree is similar to the one issued by Benito Juarez and is for the purpose of putting an end to banditry.

The foreign office announced that it had protested to Cuba against alleged anti-Mexican attacks in several government newspapers in Cuba.

## REFORMS WORSHIP IN TEMPLE ISRAEL WHILE ORTHODOX AT SYNAGOGUE

Prayers for Jews slain in the European war will be held in the Temple Israel, 135 South Main street, with those of the orthodox congregation will be in the new synagogue at Eleventh and Boulder streets. The day of Atonement services will begin at 10 o'clock this morning and last until sundown. Both churches will begin the memorial services about 4 o'clock in the afternoon.

The ritual of the reform church for the most part is in English, while that of the orthodox congregation is in Hebrew. Another distinctive feature is that the reform service includes a musical program, while this is omitted in the orthodox church. Several chants from a trumpet will mark the end of the service.

The regulations of the Jewish churches require that all members observe a strict fast during the Day of Atonement. The holiday began at 6

## EXPORTS GROWING REPORTS SHOW

United States Continues to Make Gains in Shipments Abroad.

## A GAIN TO GREECE

Balance for Eight Months Greatly Favors the United States.

## WASHINGTON, Oct. 6.—The enormous extent of recent gains in the export trade of the United States is disclosed in statistics issued today by the department of commerce. Total exports for the first eight months of the calendar year were in many cases millions of dollars greater than those of the entire fiscal year of 1914 and very large increases are shown in percentages. Exports to Greece for the eight months of last year to \$75,000,000 compared to the fiscal year 1914, to Denmark 200 per cent, to Norway 240 per cent, to France 240 per cent, to Denmark 140 per cent, to Italy 123 per cent, to the United Kingdom 493 per cent, to Sweden 84 per cent, to Cuba 42 per cent and to Japan 20 per cent. This vast export trade shows an apparent trade balance for the eight months of last year to \$75,000,000 in favor of the United States and department officials predict that by the end of the year it will exceed \$250,000,000. Total exports amounted to \$2,435,969,212, an increase of \$1,295,000,000 over the same eight months a year ago. The largest gain in value of exports was to exports to the United Kingdom, which was nearly one-third of all goods shipped from the United States last year. They amounted to \$1,297,751,939 showing an increase of \$554,000,000 over the same eight months of last year and more than in 1914. Canada was third, taking \$274,736,569, an increase of \$163,000,000 over the eight months of last year, but only \$29,000,000 more than 1914. Russia in Europe and Asia took \$209,262,625 worth of an increase of \$109,000,000 over the previous eight months' period. Greece's imports from the United States amounted to \$25,597,141 compared with \$1,100,000 in the whole fiscal year before the war. Exports to Germany and Austria have almost ceased. Deliveries for the eight months when compared with the same period last year were down in exports to Denmark, The Netherlands and Sweden, but the totals except for The Netherlands exceed those of the fiscal year 1914. Catch Two Robbers. COVINGTON, Ind., Oct. 6.—Two young men entered the Citizens bank here this afternoon, attacked the cashier, Samuel P. Gray, and escaped with \$10,000. They were surrounded and captured in a nearby field and returned to the bank after several shots had been exchanged by them and the pursuing posse. Proposed Rate Suspended. WASHINGTON, Oct. 6.—The interstate commerce commission today suspended until February 1 a schedule proposing an increase of 21 cents per hundred pounds on freight rates between St. Louis and Port Worth. The proposed rate is 89.2 cents.

## BOSTON, Oct. 6.—This city, the home of winning world's series baseball teams, awaits the opening of the 1916 classic tomorrow between the Brooklyn Nationals and the Boston Americans with the calm confidence that comes from faith in its playing representatives and the unbroken string of victories in past contests. The optimism and fighting spirit that the Brooklyn club and its accompanying band of supporters brought to town tonight added interest to the impending struggle for the premier honors of the diamond. Without shaking in the least the belief of the local fans that the Red Sox would triumph over the invading team from Greater New York. While the batting tonight is 10 to 7 on the Red Sox with but little Brooklyn money in sight, the average supporter of the Boston Americans, despite his confidence, is far from predicting a walkover for the winners of the American League race. The determined and courageous struggle put up all season by the Brooklynians has aroused great respect for the prowess of the National league standard-bearers and it is conceded that they will give the local combination the stiffest kind of a battle before they will admit defeat. Is National Event. The series which opens at Braves field tomorrow is far from being a local or even a sectional affair, however, from the standpoint of interest. This is clearly demonstrated by the gathering of the spectators for the two games that will be played here tomorrow and Monday, weather permitting. Hundreds of baseball enthusiasts from all parts of the country are here today, ready to witness the kind of "play ball" to set going the machinery of the 1916 world's series. Boston usually is far from lacking in ample hotel facilities yet every hotel in the city tonight is thronged with Mrs. Katherine Lockwood of Tulsa to a point in New Mexico, where she can get all the medical attention necessary to halt the progress of the white plague. Tuberculosis has already claimed a terrible toll here and unless she leaves Tulsa for some high and dry climate, there is absolutely no hope for her, doctors say. Mrs. Becklund is describing, says those who know her, a deprived, through death of her husband some time past, without a living relative able to assist her, she struggled to sustain herself, denying herself necessities of life. Consumption was the result. The World will receive subscriptions for Mrs. Becklund today. Call 6600.

## FREE RETURNS ON BASEBALL SERIES AT WORLD BUILDING THIS AFTERNOON

Sergeant Jim Pilkington of the city traffic squad will personally be in charge of the crowds in front of The World building this afternoon when The World's free bulletin service on the championship series begins.

Sergeant Pilkington will issue orders today prohibiting any one from parking automobiles on Fourth street between Main and Boulder between the hours of 12:30 o'clock and 2 o'clock. This will be necessary in order to give as much of the street as possible to pedestrians. Lanes will be kept open for other traffic, but if this plan is found unsuccessful steps will be taken to keep the freeways entirely off the street in this one block on the remaining days of the big games.

Fans desiring choice standing room are advised to be on hand by 12:30 o'clock today. A monster scoreboard will be placed on the front of the building, where everyone can see. R. L. Moore, an expert chalk manipulator, will mark up the runs, hits and errors as they are made. The batting order, batteries and umpires will also be chalked on the board. Glenn Condon will megaphone the game, play by play, as it comes over the wire direct from the playing field. Book holders will officiate at the Associated Press wire. There is one hour's difference in time between here and Boston. Therefore, local fans will get the dope sixty minutes ahead of time. The first inning should be received here by 1 o'clock or shortly thereafter.
